## PROCEDURE FOR SUBMITTING CUSTOMER SERVICE REQUESTS AND SAMPLES

This form must be used for all customer service requests, whether for oil sampling, parts analysis, complaints or claims.

All requests must comply with the following procedure:

### A. Requests Involving An AMSOIL Lubricant

1. A product sample must be obtained for all customer service requests. A four (4) ounce sample is needed for engine oils, gear lubricants, compressor oils, hydraulic fluids or farm tractor fluids. Take samples while oil is at operating temperatures. **Do not submit two-cycle lubricant mixed with fuel!**
2. A customer service form must be **completely** filled out and signed by the person initiating the request. This form is designed to obtain information needed in order to properly answer your request.
3. All product samples must be mailed in tightly-sealed, dry, sterile **plastic** containers **only**. Glass containers or any other containers are **not acceptable** due to the high incidence of breakage in transit.
4. **Claims for other than product replacement must be accompanied by the parts believed to be damaged due to the use of the AMSOIL Product.**
5. All samples, parts (if requested by AMSOIL INC.) and customer service requests are to be mailed to the following address:

AMSOIL INC.  
AMSOIL Center  
1101 Susquehanna Ave.  
Superior, Wisconsin 54880  
Attn: Technical Services Department

### B. Requests Involving Other AMSOIL Products

1. If you suspect a defect in manufacturing or are requesting replacement under warranty, return the AMSOIL Product to the address listed in number 5 above.
2. If you believe the AMSOIL Product caused other damages, submit both the AMSOIL Product and the parts which you believe to have been affected.

**Two Cycle Claims:** All two-cycle claims must be accompanied by the parts in question, shipped to AMSOIL freight pre-paid and insured against loss equal to the amount of the claim. **Do not send two-cycle oil mixed with fuel.**

**Parts:** Parts submitted for analysis must be sent freight pre-paid and insured against loss equal to the amount of the claim.

Unless otherwise indicated, all parts will be disposed of after **45 days**.
